

BIOGRAPHY

Kimberly Robinett CEO / Managing Partner TREKK Design Group, LLC

Kimberly Robinett, E.I.T. is the CEO/Managing Partner of TREKK Design Group, LLC, a women-owned civil engineering firm based in Kansas City. As CEO/Managing Partner, Kimberly directs the firm's overall business strategy and operations. Her entrepreneurial spirit is carried out across TREKK's unique culture and commitment to IMPROVING LIVES by providing direction to enable community and personal growth.

The mother of three daughters, Kimberly is recognized within the engineering profession locally and regionally as a strategic thinker and highly skilled businesswoman. Under her direction, TREKK has grown from a firm of three people in 2002 to nearly 200 people across eight offices today. Her vision is being carried out across the company by creating a culture that improves lives by providing direction to enable community and personal growth.

Kimberly is a graduate of the University of Missouri-Kansas City College of Electrical Engineering. She is active in numerous industry, civic and community organizations and was named to the prestigious list of Women Who Mean Business by the Kansas City Business Journal in 2016.
