**Agenda Topics**

- 1. Introductions** Ice Breakers: Fav Restaurant, strangest food
- 2. MoDOT Staff Changes since last meeting (Jeff Bohler)**  
Design Office clerk Michelle Slesinski; Brian Hartnagel State Bridge Engineer; Nicole Kreisel Asst RW; Dave Hagemeyer Asst State Bridge; Betherny Williams to City of STL Streets (replacement not yet named); Melissa Sheperle replaced Richard Moore (retired); Shirlyn Miles retired; Jason Blomberg took a new position; Dawn Perkins promoted and replaced by James Stephenson for FHWA rep.
- 3. Tom Blair Time** – remain calm – take a while before the new \$\$ is available; focus now is deliver current STIP.
  - 9:00am Commission Meeting - Thursday at Highway Patrol, Highway Commission hybrid all recorded/available
  - Unfunded needs list \$3.5B - Tier 3 list \$4.5B + \$1B multi-modal developed with MPOs and other partner agencies
  - Public meetings for STIP/Unfunded to be held November-December in STL
  - TEAM Mtg 2022 – wants STL representation
  - MoDOT STL Region Update virtual w/more networking Tues before Thanksgiving Nov 23- maybe breakouts within TEAMS; invite questions ahead of time
- 4. Tom Evers Update** – Jeff and Wesley are being proactive with studies, prelim plans – getting some work on the shelf; identify D-B projects earlier; PMC projects coming (similar to 94/Muegge Road project)
- 5. Consultant Update (Laura Ellen)** – scheduled consultant solicitations starting in November. They will be the 2<sup>nd</sup> and 4<sup>th</sup> week of month on Wednesdays

- Not a set submittal date – flexible to PM
- Hope to do the LPA this way also if possible
- Statewide partnering meeting (HQ liaison?) – less than 3 responses have to re-solicit
- LPA Right of way oversight solicitation Oct 25<sup>th</sup> submittal
- Travis-Kenny-Julie rolled out to PM's Friday – no negatives heard

#### **6. Consultant Scoring (Jeff Bohler) –**

- Trends seen by Tom Montes: hard to get separation with 100 points – even “low” score is in the high 70's; try to spread the work around;
- hard for inexperienced firm to score high on current rating scale (firm's recent MoDOT work);
- looking for ideas to help new-to-MoDOT firms get introduced/be successful;
- 2017 scoring update ideas; might have a different scoring for STL District (pros & cons on consistency across the state); PM scheduling may be a higher scoring – MoDOT would like consultants to say how they will manage key tasks (utility, right of way challenges lately);
- each solicitation may ask you to focus on a certain element for points;
- Suggestion of an org chart for a 5<sup>th</sup> page in our proposals – instead of working that into the text
- Suggestion that the MoDOT PM put some of what-they-are-looking-for into the RFP
- Thank you to MoDOT for letting us speak directly to the PM ahead of submitting

#### **7. SL Upcoming Consultant Opportunities**

- Design, Planning, Construction
- 6-month Outlook Sharing – will post as soon as they finalize wording – hoping to get the entire state on this outlook document also – update twice a year, probably not more often
- Consultant Capacity – MoDOT maxed out internally – firms will start shifting MO staff back onto MO work; noted that if a firm won recently, firm may think they are not as selectable and sit out
- Will manage outlook updates through the MoDOT website

#### **8. Major Project Update (Mike Castro, 10 min)**

- Split diamond Jefferson & 22<sup>nd</sup> Street underway, Ewing bridge open soon, Amtrak delays
- I-44 Meramec – nearly complete – September 25<sup>th</sup> traffic in place at River and Watson; still working on ped/bike bridge on north side – max bonus for Oct 13 completion
- I-270 DB–35% complete \$88M paid with \$163M left-\$1.1M/week! N and AC replacements next
- 180 ADA and 100 ADA projects – very manpower-consuming

#### **9. Other/ Next Meeting**

January-February 2022 – Jeff will survey Tom-Tom-Laura's calendars and set something up with Dan DeArmond
