BIOGRAPHY

As a Senior Vice President in our Holmes Murphy Property Casualty division, Paula Dixon serves as the National Practice Leader of the Architects and Engineers specialization line of business in our Wisconsin, Illinois, Iowa, and Kansas offices. Paula's meticulously cultivated skills allow her to find specialized risk management solutions to meet the challenges specific to her industry niche. As an industry leader in risk management, Paula has authored and delivered presentations to the American Institute of Architects, American Council of Engineering Companies, the Illinois Society of Professional Engineers, and numerous individual design firms. Before joining Holmes Murphy in 1991, Paula was an underwriter with Design Professionals Insurance Companies in Monterey, California. Currently, Paula is on the board of the Professional Liability Agents Network (PLAN) and cochairs the American Council of Engineering Companies of Illinois (ACEC) Risk Management Committee. Paula is also an active member of the community. She has given generously of her time, talent, and treasures to many local organizations, including The Christian Center, Fellowship of Christian Athletes, Dream Center, Children's Home, and Impact Central Illinois.
