Professional Biography

Griffin started college as a kid that loved math but had no idea what an engineer was. He currently is a Professional Engineer that receives much joy by helping the public through transportation projects. His goal throughout his career has been to move people to where they need to be as safely, quickly, and reliably as possible. He graduated from UMKC in 2009 then began his career with the Missouri Department of Transportation in Kansas City. While at MoDOT, Griffin spent time in several different departments including Traffic, Maintenance, Materials, and Planning before joining Garver in 2021. Since joining Garver as a Project Manager, he has put those variety of skills into practice providing services to both KDOT and MoDOT.

Personal Biography

Griffin and his wife, Samantha, have three daughters, Lily (13), Penny (10), Milly (8) and a son, Asher (7). He enjoys running and spending time with his family.
