Professional Biography

Kevin is the Senior Geologist with S. H. Smith & Company in Poplar Bluff, Missouri, and has been an environmental project manager for the firm for 22 years. He has extensive experience with the Missouri Risk-Based Corrective Action process for petroleum storage tank sites and has been valuable both in the field and in the office, whether responding to environmental emergencies, conducting statistical plume stability analyses, or designing and maintaining groundwater remediation systems. Kevin is a Registered Geologist in Missouri and received a B.A. in Geological Sciences from Mizzou in 2001.

Personal Biography

Kevin grew up on a cattle farm in Ripley County, Missouri, and has two children, ages 22 and 15. He and his wife Fawn spend their free time enjoying all things outdoors in the Ozarks, especially boating on the Current and Eleven Point rivers.
