**Professional Biography**

Nic is a Senior Geotechnical Engineer in GeoEngineers' Springfield, Missouri, office and brings 10 years of experience in the A/E/C industry. Nic has been providing geotechnical engineering services on transportation projects throughout Missouri. He provides project management, field services and oversight for subsurface investigations, laboratory testing, geologic investigations, and unmanned aircraft system surveying. Nic brings experience working on MoDOT projects, including the Route 86 Long Creek Bridge Replacement, replacement and rehabilitation of 19 bridges along I-44, and the I-270 North Design-Build project, to name a few.

**Personal Biography**

In his free time, he and his family love to take care of their hobby farm, work on creative projects and spend time with friends and family.
