**BIOGRAPHY**

Earl Harrison is President and founding partner of Hg Consult, a certified DBE firm in nine states. He has been successfully managing transportation projects around the Midwest for more than two decades, ranging from small municipal level street design projects to large DOT system-to-system interstate interchange projects, transportation corridor studies that encompass both preliminary and final roadway design. He has been involved in streetcar planning and design, and several large-scale design-build projects around the State of Missouri. Some recent projects include the Kansas City International Airport improvements, I-435 Missouri River Bridge Rehabilitation improvements, I-35 & Route 152/Kansas Street Improvements in Liberty, Missouri and I-470/Route 291 Bridge Rehabilitation project. Earl is actively involved on the KCK Chamber Board of Directors and ACEC-Missouri and Kansas chapters as well as other professional organizations. Outside of work, he enjoys coaching youth wrestling, playing golf and spending time with his wife and 3 children.
