**BIOGRAPHY**

Joel Weinhold is the Central Region Manager for Geotechnology, LLC, which encompasses nearly 90 individuals in offices located in Missouri, Kansas, and Illinois. He has been in the geotechnical engineering profession for 25 years, practicing across much of the Southeast and Midwest. He is a graduate of Missouri University of Science and Technology, having earned his B.S. in Geological Engineering and holds Professional Engineering licenses in Missouri, Illinois, and Georgia. As a shareholder of Geotechnology, Joel served on ownership transition committees, and on the Board of Directors during the acquisition of Geotechnology by UES in 2021. He currently serves on the ACEC Board of Directors and as Chair of the State PAC. He is also a 2013 graduate of the Future Leaders Academy program.
