BIOGRAPHY

Kimberly Robinett is the CEO/Managing Partner of TREKK Design Group, LLC, a women-owned civil engineering firm based in Kansas City. She oversees the company's overall operations and strategic direction. Her compassion, wisdom and kindness resonate throughout TREKK and is what makes us different. Prior to founding TREKK in 2002, she was a successful staff engineer in the telecommunications industry. The mother of three daughters, she is highly recognized within the profession locally and regionally as a strategic thinker and highly skilled businesswoman. Her vision is being carried out across the company by creating a culture that improves lives by providing direction to enable community and personal growth. Kimberly is a graduate of the University of Missouri-Kansas City College of Electrical Engineering. She is active in numerous industry organizations including ACEC, APWA, the Engineers' Club of Kansas City, Society of Women Engineers, and Women's Transportation Seminar.
