Professional Biography

Jacquie serves as a project manager and planning practice lead at CMT. She oversees projects that focus on equitable mobility, safety for all road users and active transportation. She has a background in strategic communications and excels at distilling complex technical information into easy to digest material, which fosters collaboration at the center of all her work. In 2025, Jacquie was appointed by Mayor Spencer to serve as the City of St. Louis resident representative on the East West Gateway Board of Directors.

Personal Biography

In her free time, she enjoys biking around her south City neighborhood with her husband and two children.
