Professional Biography

Jenny McEachern, P.E., is a licensed Professional Engineer who has been with Crawford, Murphy & Tilly, Inc. (CMT) since 2018. She is a valued member of CMT's St. Louis surface transportation team with expertise in drainage analysis, roadway rehabilitation and pavement improvements, and ADA compliance. She was awarded the company's 2025 Emerging Professional Award for her efforts as a budding project manager and lead designer, her contributions to strategic plan initiatives, and her cross-company mentorship as a leader in 3D modeling. Jenny is a proud alumna of Missouri University of Science & Technology and is an active member of the American Public Works Association (APWA). She also serves on the Young Professionals Board of the National Museum of Transportation in St. Louis and CMT's Young Professional Planning Group.

Personal Biography

Jenny and her husband Jack have been married for just over a year. They recently moved to Creve Coeur, Missouri with their 8-year-old Pembroke Welsh Corgi named Hugo. In her free time she has been taking up golf, making new friends at the gym, and doing home improvement projects (including decorating and furniture shopping) for her new house.
